Lay Board
Evangel Editor, Dan Bolin
Christian Matters Newspaper
All names annotated on this document of Christian Victory

Subject: God's People And The Business Of Participation

This document contains the sights and sounds of "Christian Victory". Please take the time to read and consider it with the same care with which it was prepared for each of you. It is a documentation of reasons for the Church of God, Indiana to celebrate. At the same time it is a friendly challenge for others, world wide, to consider the effectiveness of their participation. If it makes you think, then I am happy, but if it makes you move I have been successful. If it does not excite your Christian stewardship of time, talent and treasure then I have utterly failed. On the other hand, If you just toss it aside and do nothing then the shoe is on the other foot, isn't it?

This gathering of words and thoughts was put together just for you. It will take you about one-hundred and six minutes to read the contents of this document but a lifetime of thought to digest the influence of participation. According to the membership and attendance roster of The Veedersburg Ministry Center there are one-hundred and six names annotated. It is strange that it also takes about one-hundred and six minutes to read this document and pray. This document was not designed to take this long, but then again projects like Firm Foundation just don't happen accidentally either.

As you read this material I ask that you stop frequently to pray a short prayer for every Church of God in Indiana. Just as project Firm Foundation and documentation of the same didn't happen accidentally neither does your participation in prayer for our churches happen by accident.

By the time you consume the contents of this material you will have prayed for many of our churches. As these Saints labored on their own church I heard them in prayer lifting your church up and asking the Lord to send blessing to you. Awesome, indeed.

We ask every Pastor by letter to send one man, one women or one youth to this project. If you couldn't do this take the time now to be a part of Project Firm Foundation by praying for our churches. Project Firm Foundation is not only about Veedersburg it rather is about you, your church and the effectiveness of your individual participation.

Indiana Coordinator Men and Women of Action

Final Comment

Pages 25-25

You Were On This Team. Remember It Often. Remember It With Good Memories.

You Were The One Who Kept Somebody Going

Participants Can Say, "Been There, Seen It, And Done It. And, Want To Do It Again."

On this 26th Day of December 2003 I dedicate this document to Indiana Administrative Bishop Ronald Martin and Pastor Ron Ragan who both displayed Christian care, assistance and participation for a fellow Pastor and those whom he leads.

It is also dedicated to International Field Representative Gerald Sams and wife Betty for taking on the responsibility of Project Leaders.

It is also dedicated to MWOA volunteer veterans Kenny Kincaid and Mike Willison who gave me confidence and trust without criticism. They offered expert advice that was needed for the successful operation of a project this variable.

It is dedicated to Bob Kern who reminded me that sacrifice is not sacrifice unless it cost the giver something.

It is dedicated to the astute Woodrow Alley who preached a sermon entitled, Hey Do You Have a Minute, at The Terre Haute Church of God.

It is dedicated to all MWOA volunteers who do more than could be recorded in the scope of this document.

It is dedicated to all Indiana Boards who participated in Project Firm Foundation August 3-16, 2003.

It is dedicated to all Indiana Pastors and out of state Pastors who participated.

In ending it is especially dedicated to my Pastor Dennis Sanders who Pastors The Terre Haute Church of God for always challenging me to do my best.
