Men & Women of Action Project

812-239-4621

From: Jerry (Jake) & Charlotte Crafton - Men and Women of Action Coordinators

Graham Myers - Project Leader for The Life Center 812-238-8561

To:

The Four Square Church - namely The Life Center – a community church has partnered with the Indiana Men and Women of Action to assist the Life Center with a project located at 1212 S. 14th Street, Terre Haute, Indiana.

This is a community project effort that will help remodel an existing home. It will provide a safe place for 3 girls and a father to reside in our community. The father is working and attends the Church of Christ. “This is a good project.”

We are presently seeking funds to accomplish this project. We need your assistance. I am reminded (as I write this letter) of the widow who gave just two mites. This must have been one smart lady because we still talk about her “actions” today -many years later - and we still do not know her name.

She probably thought her giving was insignificant, but one standing there by the name of Jesus thought her type of giving was important enough to have it written in scripture. “He did not forget her actions.”

The purpose of this project is as Pastor Tim Meeks (The Life Center) said is: “To simply show the love of Christ.” Again, this is a request for assistance of funds. This is an outreach community project that needs you. The widow did not sit in the pew and wait for her offering to be collected formally- she simply delivered it to the storehouse. We appreciate your participation in this project that will be remembered by many but especially 1 father and 3 daughters. Please give and pray for this project. A complete project report will be sent after the project.

Please send funds to: The Life Center 3000 College Av. Terre Haute, In. 47803

Indiana Men and Women of Action Coordinator – Jerry (Jake) Crafton
